

WORLD'S MOST FUN LEARNING GROUND

SNOWFLAKE ABC

Make kids corners more fun, collaborative, social and memorable

Snowflake ABC is a fun edutainment suite for the younger minds. All game and activity applications are designed to improve both communication and social skills. As kids share ideas and collaborate together, the software helps build their confidence. Snowflake ABC can be deployed across kids corners within retail as well as at exhibitions, museums and lower education institutes.

Get inspired, watch clips and download Snowflake ABC at www.nuiteq.com
